

## **Stock Controller**

**Salary:** £ Negotiable  
**Job type:** Full Time - Permanent  
**Company:** VMS Refrigeration Ltd  
**Location:** Hailsham

### **About the Company**

VMS (Fleet Management) Ltd is a forward thinking fleet management and contract hire company with facilities throughout the UK. VMS provides a range of services to both blue chip and SME fleet operators and Insurance companies including contract hire, flexi hire, accident management and repair and maintenance services.

### **Summary of Role**

As part of our continued growth we are now looking to appoint a Stock Controller to ensure stock is carefully managed and savings are made wherever possible. Applications are invited from suitably qualified and experienced individuals who can bring a dynamic and innovative approach to the role.

The role involves you to manage the purchase and replenishment of goods in the department to ensure maintenance of stock levels. You will maintain accurate records of inventory and update stock management systems according to set standards. You will ensure all parts and stock are accounted for and numbered accordingly. You will also be required to keep stores clean and tidy at all times, and will be in charge of packaging and sending out goods in the required timeframe. Although not essential, a good understanding of the commercial vehicle/ home shopping sector is preferable.

The applicant must be methodical in their approach to their work, have great attention to detail, be able to work under pressure and to tight deadlines, have excellent computer skills and be of good health as there will be some heavy lifting involved. The applicant will also be required to have a clean full UK drivers licence.
