

## Mobile Transport Refrigeration Engineer

<b>Location:</b>	Varied: - North of England, Scotland, South/South East Glasgow, Edingburgh, Sunderland, Newcastle, South Hampshire and Hampshire
<b>Salary:</b>	Competitive Salary
<b>Job type:</b>	Full Time + Weekend Rota
<b>Company:</b>	VMS Refrigeration

### Summary of role:

VMS (Refrigeration) Ltd is a forward-thinking fleet management and contract hire company with facilities throughout the UK. VMS provides a range of services to both blue chip and SME fleet operators and insurance companies including contract hire, flexi hire, accident management and repair and maintenance services.

As part of our continued growth we now looking to recruit several new refrigeration engineers to cover a variety of locations such as at: - North of England, Scotland, South/South East, Glasgow, Edinburgh, Sunderland, Newcastle, South Hampshire and Hampshire.

### The Role:

- Responsibility for routine servicing and repairs as required, mechanical fault finding, electrics and all other duties associated with this role.
- Completing all work assigned daily, ensuring that adherence to company and manufacturer standards and agreed time constraints.
- Ensuring that work is always to the highest standard, seeking to achieve consistently high customer satisfaction and repeat business.
- Maintain levels of stock on the van to agreed specification.
- Able to prioritise and organise workload to achieve set deadlines and KPIs
- Presenting a positive company image through professionalism and quality of service
- Maintain good working relationship with clients.
- Managing and prioritising jobs and workloads, scheduling, completing paperwork and communicating with managers and senior-level staff members as appropriate.

### Must:

- Be qualified to F-Gas Cat 1 or prepared to gain qualification.
- Have a full driving licence.
- Be an enthusiastic, self-motivated team player.
- Have previous experience of working on transport refrigeration units.
- Work to high levels of efficiency and productivity on own and as part of a team.
- Have experience of working on refrigerated commercial vehicles, ideally Mercedes Benz, Ford, Fiat, Volkswagen and Isuzu.
